[Ddk Xp Serial Key](#)

The screenshot shows a web browser window with a toolbar at the top containing icons for search, home, and other functions. The main content area is titled "View Download Links For Symbol Packages". It lists several download links, including "Windows Server 2008 Beta 3", "Windows Vista RTM", and "Windows Server 2003 and Windows XP x64 Edition". A link for "Windows XP" is also visible. Below this, a section titled "Windows XP with Service Pack 2 symbols" explains that these packages contain the full set of symbols required for debugging Windows XP with Service Pack 2. Two specific packages are listed in a bulleted list: "Windows XP with Service Pack 2 x86 retail symbols, all languages" (195 MB) and "Windows XP with Service Pack 2 x86 checked symbols, all languages" (188 MB). The first link is circled in red. A section titled "Reduced download size: Windows XP Service Pack 2" follows, explaining that these packages are smaller than the full set. A final bulleted link is provided: "Windows XP Service Pack 2 x86 retail symbols, all languages" (145 MB).

Windows XP with Service Pack 2 symbols

These packages contain the full set of symbols required to debug Windows XP with Service Pack 2. The symbols for Windows XP have been modified to match the updated files that are in the Windows XP Service Pack 2.

- [Windows XP with Service Pack 2 x86 retail symbols, all languages](#) (File size: 195 MB - Most customers want this package.)
- [Windows XP with Service Pack 2 x86 checked symbols, all languages](#) (File size: 188 MB)

Reduced download size: Windows XP Service Pack 2

These packages are a smaller download size than the full set of Windows XP with Service Pack 2 symbols. They contain only the symbols for the files that ship with the Windows XP Service Pack 2. If you already have the Windows XP symbols installed, you can install these to the same location and you will have a full set of Windows XP with Service Pack 2 symbols.
