[Warhammer 2 Rubric Of The Old Ones!](#)

The goal of this puzzle is to correctly identify the missing number and its colour where the question mark is shown.

Solution:

In order to complete this puzzle you must first complete the grid so that it does not contain any duplicate numbers along each row and column.

Each row and column must contain a 1, 2, 3 & 4 as shown in the grid with the green lines but never a duplicate number as shown in the grid with the red lines (e.g 2, 2, 1, 3).

2	1	4	3
1	3		
4	2		
3	4		?

2	1	4	3
1	3	3	4
4	2	1	2
3	4	2	1

2	1	4	3
1	3	2	4
4	2	3	1
3	4	1	2

To work out which colour is correct you need to work out how the 4 corner squares mirror each other along the diagonal as shown by the green arrows. As the top left square in this example is blue + red and then red + blue the bottom right square will be red + blue and then blue + red.

2	1	4	3
1	3	2	4
4	2	3	1
3	4	1	2

2	1	4	3
1	3	2	4
4	2	3	1
3	4	1	2

That being the case we have worked out the correct answer is the 2 in red.
