The New York City Cycling Map

The New York City Cycling Map is the most comprehensive map ever published for bicyclists in New York City. It shows the city's extensive network of bicycle routes, including the city's first dedicated bicycle lanes, and provides information on the city's bicycle infrastructure, including bicycle repair stations, bicycle racks, and bicycle parking facilities. The map also shows the city's extensive network of public transit, including the subway, bus, and ferry systems, and provides information on the city's bicycle-friendly public transit options.

The map is divided into several sections, including a main map of the city, a detailed inset map of Lower Manhattan and Downtown Brooklyn, and a series of smaller inset maps showing various parts of the city.
