

PROJECT: Tree Team for Beech

All Collectors with Species Sampled by Site

Collectors	Site Code	Site Description	Genus	Epithet	Subspecies	Common Name
DLIA Tree Team						
	TreeTeam_EFCC09	Approximately 16 meters down-hill from the Northern Flat Creek Trail.				
			Odiellus	pictus		Harvestman
	TreeTeam_FGAC01	Approximately 15 meters down-hill from Appalachian Trail near Indian Gap				
			Odiellus	pictus		Harvestman
	TreeTeam_FGAC03	Approximately 15 meters down-hill from Appalachian Trail near Indian Gap				
			Odiellus	pictus		Harvestman
	TreeTeam_FGAC06	Approximately 15 meters down-hill from Appalachian Trail near Indian Gap				
			Odiellus	pictus		Harvestman
	TreeTeam_FGAC07	Approximately 15 meters down-hill from Appalachian Trail near Indian Gap				
			Odiellus	pictus		Harvestman
			Sabacon	cavicolens		Harvestman
	TreeTeam_FGAC08	Approximately 15 meters down-hill from Appalachian Trail near Indian Gap				
			Odiellus	pictus		Harvestman
	TreeTeam_FGAE01	Approximately 15 meters down-hill from Appalachian Trail near Indian Gap				
			Leiobunum	politum		Harvestman
	TreeTeam_FGAE05	Approximately 15 meters down-hill from Appalachian Trail near Indian Gap				
			Leiobunum	politum		Harvestman
			Odiellus	pictus		Harvestman
	TreeTeam_FGBC01	Approximately 15 meters up-hill from the Southern Flat Creek Trail				
			Odiellus	pictus		Harvestman
	TreeTeam_FGBC03	Approximately 15 meters up-hill from the Southern Flat Creek Trail				
			Odiellus	pictus		Harvestman
	TreeTeam_FGBE04	Approximately 15 meters up-hill from the Southern Flat Creek Trail				
			Odiellus	pictus		Harvestman
	TreeTeam_FGBE05	Approximately 15 meters up-hill from the Southern Flat Creek Trail				
			Odiellus	pictus		Harvestman
	TreeTeam_FGBE08	Approximately 15 meters up-hill from the Southern Flat Creek Trail				
			Odiellus	pictus		Harvestman
	TreeTeam_FGCC02	Approximately 16 meters down-hill from the Northern Flat Creek Trail.				
			Odiellus	pictus		Harvestman
	TreeTeam_FGCC03	Approximately 16 meters down-hill from the Northern Flat Creek Trail.				
			Odiellus	pictus		Harvestman
	TreeTeam_FGCC04	Approximately 16 meters down-hill from the Northern Flat Creek Trail.				
			Odiellus	pictus		Harvestman
	TreeTeam_FGCC05	Approximately 16 meters down-hill from the Northern Flat Creek Trail.				

Collectors	Site Code	Site Description	Genus	Epithet	Subspecies	Common Name
			Odiellus	pictus		Harvestman
	TreeTeam_FGCC06	Approximately 16 meters down-hill from the Northern Flat Creek Trail.				
			Odiellus	pictus		Harvestman
	TreeTeam_FGCC07	Approximately 16 meters down-hill from the Northern Flat Creek Trail.				
			Odiellus	pictus		Harvestman
	TreeTeam_FGCC08	Approximately 16 meters down-hill from the Northern Flat Creek Trail.				
			Odiellus	pictus		Harvestman
	TreeTeam_FGCE01	Approximately 16 meters down-hill from the Northern Flat Creek Trail.				
			Odiellus	pictus		Harvestman
	TreeTeam_FGCE04	Approximately 16 meters down-hill from the Northern Flat Creek Trail.				
			Odiellus	pictus		Harvestman
	TreeTeam_FGCE05	Approximately 16 meters down-hill from the Northern Flat Creek Trail.				
			Odiellus	pictus		Harvestman
Duane Pierce, Daniel Roberts						
	TreeTeam_FGAC01	Approximately 15 meters down-hill from Appalachian Trail near Indian Gap				
			Picea	rubens		Red spruce
	TreeTeam_FGAC02	Approximately 15 meters down-hill from Appalachian Trail near Indian Gap				
			Betula	alleghaniensis		
	TreeTeam_FGAC03	Approximately 15 meters down-hill from Appalachian Trail near Indian Gap				
			Betula	alleghaniensis		
	TreeTeam_FGAC04	Approximately 15 meters down-hill from Appalachian Trail near Indian Gap				
			Betula	alleghaniensis		
	TreeTeam_FGAC05	Approximately 15 meters down-hill from Appalachian Trail near Indian Gap				
			Abies	fraseri		Frasier fir
	TreeTeam_FGAC06	Approximately 15 meters down-hill from Appalachian Trail near Indian Gap				
			Betula	alleghaniensis		
	TreeTeam_FGAC07	Approximately 15 meters down-hill from Appalachian Trail near Indian Gap				
			Picea	rubens		Red spruce
	TreeTeam_FGAC08	Approximately 15 meters down-hill from Appalachian Trail near Indian Gap				
			Picea	rubens		Red spruce
	TreeTeam_FGAE01	Approximately 15 meters down-hill from Appalachian Trail near Indian Gap				
			Fagus	grandifolia		American beech
	TreeTeam_FGAE02	Approximately 15 meters down-hill from Appalachian Trail near Indian Gap				
			Fagus	grandifolia		American beech
	TreeTeam_FGAE03	Approximately 15 meters down-hill from Appalachian Trail near Indian Gap				
			Fagus	grandifolia		American beech
	TreeTeam_FGAE04	Approximately 15 meters down-hill from Appalachian Trail near Indian Gap				
			Fagus	grandifolia		American beech
	TreeTeam_FGAE05	Approximately 15 meters down-hill from Appalachian Trail near Indian Gap				

Collectors	Site Code	Site Description	Genus	Epithet	Subspecies	Common Name
			Fagus	grandifolia		American beech
	TreeTeam_FGAE06	Approximately 15 meters down-hill from Appalachian Trail near Indian Gap				
			Fagus	grandifolia		American beech
	TreeTeam_FGAE07	Approximately 15 meters down-hill from Appalachian Trail near Indian Gap				
			Fagus	grandifolia		American beech
	TreeTeam_FGAE08	Approximately 15 meters down-hill from Appalachian Trail near Indian Gap				
			Fagus	grandifolia		American beech
	TreeTeam_FGBC02	Approximately 15 meters up-hill from the Southern Flat Creek Trail				
			Acer	saccharum		Sugar maple
	TreeTeam_FGBC03	Approximately 15 meters up-hill from the Southern Flat Creek Trail				
			Acer	saccharum		Sugar maple
	TreeTeam_FGBC04	Approximately 15 meters up-hill from the Southern Flat Creek Trail				
			Acer	saccharum		Sugar maple
	TreeTeam_FGBC05	Approximately 15 meters up-hill from the Southern Flat Creek Trail				
			Acer	saccharum		Sugar maple
	TreeTeam_FGBC06	Approximately 15 meters up-hill from the Southern Flat Creek Trail				
			Acer	saccharum		Sugar maple
	TreeTeam_FGBC07	Approximately 15 meters up-hill from the Southern Flat Creek Trail				
			Acer	saccharum		Sugar maple
	TreeTeam_FGBC08	Approximately 15 meters up-hill from the Southern Flat Creek Trail				
			Acer	saccharum		Sugar maple
	TreeTeam_FGBE01	Approximately 15 meters up-hill from the Southern Flat Creek Trail				
			Fagus	grandifolia		American beech
	TreeTeam_FGBE02	Approximately 15 meters up-hill from the Southern Flat Creek Trail				
			Fagus	grandifolia		American beech
	TreeTeam_FGBE03	Approximately 15 meters up-hill from the Southern Flat Creek Trail				
			Fagus	grandifolia		American beech
	TreeTeam_FGBE04	Approximately 15 meters up-hill from the Southern Flat Creek Trail				
			Fagus	grandifolia		American beech
	TreeTeam_FGBE05	Approximately 15 meters up-hill from the Southern Flat Creek Trail				
			Fagus	grandifolia		American beech
	TreeTeam_FGBE06	Approximately 15 meters up-hill from the Southern Flat Creek Trail				
			Fagus	grandifolia		American beech
	TreeTeam_FGBE07	Approximately 15 meters up-hill from the Southern Flat Creek Trail				
			Fagus	grandifolia		American beech
	TreeTeam_FGBE08	Approximately 15 meters up-hill from the Southern Flat Creek Trail				
			Fagus	grandifolia		American beech
